## **Senior pedestrian safety program set**

The Walk Wise, Drive Smart campaign, part of Henderson County's Livable and Senior Friendly Communities Initiative, launches its official senior pedestrian safety program Saturday.

The event features three walks from 9 a.m. to 11 a.m., beginning at Shelter 2 in Jackson Park.

All walk participants will receive prizes. The walks are of varying lengths and for people of all ages and walking levels.

Speakers at the event will discuss how residents and officials are shaping plans to create a safer and more inviting walking environment in Hendersonville.
